

Welcome to LifeSmart Health!

LifeSmart Health is locally owned and operated here in Winnipeg, Manitoba. Our team has a vision to improve access to healthcare services by working collaboratively with other healthcare providers within our community. By working together with innovative and progressive organizations such as Riverwood Square, we believe our organization can provide the highest level of care to each resident. At the very core of our healthcare model is a genuine love for our patients and the community. You will no longer need to make a trip outside of Riverwood Square to visit many of your healthcare professionals! Together with Riverwood Square, we are proud to offer a comprehensive list of healthcare services that include:

- A dedicated team of healthcare professionals, including a clinical pharmacist, physician, and medical support team that attends to residents at Riverwood Square.
- Weekly rounds on site at Riverwood Square, led by the pharmacist and including medical team members with availability of physician and other medical team members.
- Regular immunization clinics for flu, COVID-19, shingles, and pneumococcal vaccines.
- Quarterly medication reviews with LifeSmart's professional team.
- Hospital discharge medication assessment and management review.
- Custom packaging for medications, including unit-dose packaging and blister card packaging.
- Access to specialty products that must be compounded into topical or injectable products.
- Free delivery of medications and same day urgent medication changes.
- Ability to order any home health and medical supplies delivered directly to the **Residence**.
- Low-cost selection of commonly used over-the-counter medications.
- 24/7 on-call pharmacy support, including emergency medication delivery.

We look forward to meeting you as we begin to take on an active role in your health and wellness. We encourage you to contact us any time so we can assist in arranging a visit with our LifeSmart Health team!

Sincerely,

LifeSmart Health
